

Austin Urges Russia To 'Live And Let Live'

Tells Soviets To Act In Good Faith

New York, Nov. 29.—(AP)—U. S. Ambassador Warren R. Austin urged the Soviet Union today to "live and let live" and to act in good faith with other peoples if the Russians really want peace.

He spoke in the U.N. assembly while delegates speculated on the new cominform blast against Premier-Marshall Tito of Yugoslavia.

Some delegates said privately that Austin's prescription for peace could have been an answer to the Cominform also but that it was obvious he was replying directly to Soviet charges that the United States and Britain are preparing for a new war.

Yugo Development Not Mentioned
The call of the Cominform for all communists the world over to help Yugoslav peasants and workers overthrow Marshal Tito was not mentioned in the early stages of the debate.

The assembly had before it a western power resolution setting up 12 essentials of peace. It was approved by a 53 to 5 vote in the political committee and brought before the assembly for ratification.

The rival Soviet resolution condemns Britain and the U. S. on grounds they are building up to war and then urges them to agree to a new peace pact among the big five.

Soviet Foreign Minister Andrei Y. Vishinsky started the final round in the assembly on his so-called peace plan which already had been rejected by the political committee. He recited a long history of what he called the Soviet struggle for peace. Then he struck at the U. S. and Britain with old charges and wound up by saying military and civilian leaders in the U. S. are engaged in a "thorough, business-like American way" of preparing for war.

Austin Aroused
Austin, obviously aroused, strode to the rostrum. He told the assembly the Russians have not cooperated with the rest of the world and that a new peace pact would be hampered by the same old story of non-cooperation. Then he said, especially to the Soviet delegation:

"Live and let live. Replace sweeping propaganda gestures with earnest efforts to settle outstanding difficulties. Recognize the common interest and negotiate in a spirit of adjustment and accommodation. Admit the possibility of sincerity on the part of a dissenter and seek a common understanding. Act in good faith to fulfill existing agreements before making new promises. Do these things and fear and tension will be removed. Do these things and many doors to peaceful progress will be opened."

Angry Crowd Mobs Photographers At Morelli Funeral

Chicago, Nov. 29.—(AP)—An angry crowd today prevented newspaper photographers from taking pictures of the funeral of James Morelli, "mad dog" killer who was executed Saturday.

One photographer reported he was assaulted and that his camera was smashed.

Police gave this version of the execution:

Photographers assembled at a funeral home attempted to photograph Morelli's widow, Genevieve, 19, but she and other members of the family objected strenuously.

Then four photographers went to the top floor of a three story vacant building across the street from Holy Trinity Catholic church, hoping to photograph the funeral procession. A woman spotted them and shouted to the crowd. A group of men entered the building and the photographers fled.

John Arabinko, Sun-Times photographer, told police he was seized by one man and struck on the head with a table leg wielded by another man. His hands were cut when he tried to ward off the blows and his camera was smashed.

Says Collectivism Cannot Be Avoided In Changing World

Chicago, Nov. 29.—(AP)—Philip F. LaFollette, former Wisconsin governor, said today some form of collectivism cannot be avoided in this changing world.

"The question," he said in an address to the Wisconsin society of Chicago, is "what kind."

"The experience of Wisconsin with its workmen's compensation and unemployment insurance plans proves that. So does the experience of Sweden with its housing program."

LaFollette served as governor of Wisconsin as a member of the Progressive party of the same name.

Tobin Advocates More Pay For Unemployed

Washington, Nov. 29.—(AP)—Secretary of Labor Tobin recommended today that the government place a floor under the amount and duration of payments to the unemployed.

In general, his plan would mean bigger payments to the jobless. The scale now is determined by the states, and varies considerably.

Tobin made the proposal to the annual conference of state labor commissioners and representatives of labor unions, sponsored by the labor secretary of Labor Tobin recommended today that the government place a floor under the amount and duration of payments to the unemployed.

Key West, sent a message to the conference urging that all citizens use the nation's resources in a way to assure jobs for everybody. Tobin read the message to the group.

In his own speech, the labor secretary said his department would press for a federal law establishing minimum standards for state unemployment compensation. Individual states, of course, would be free to establish payments above the minimum.

When the unemployment insurance law went into effect, he said, the general aim was to give an unemployed person jobless benefits amounting to about half his usual earnings. He said, however, that the benefits have not kept pace with the rise in wages and the higher cost of living, and that in most instances the unemployment compensation now only amounts to about one-third of normal wages.

Tobin said he believes that the coverage should be broadened to bring additional workers under the unemployment compensation law. He also advocated extra benefits for unemployed who have dependents.

28 Persons Die As Plane Crashes, Burns In Dallas

Dallas, Nov. 29.—(AP)—An American Airlines plane crashed and exploded here today, and 28 persons died in white-hot flames.

Eighteen others survived as the big 60-passenger plane, one of its four engines spouting fire and another falling, plummeted to the edge of Dallas' Love Field airport and ripped itself to pieces against two buildings. Fourteen were in a hospital tonight. Four were discharged. The plane, bound from New York to Mexico City, struck and exploded seven miles northwest of downtown Dallas at 5:35 a.m. (CST). Blue

and white flames billowed high in the pre-dawn darkness. There were cries of agony and terror as stunned, hurt, survivors stumbled almost miraculously from the heaps of wreckage.

For hours afterwards, firemen pulled charred bodies from the smoldering debris. Identification was slow.

The crippled ship, a DC-6, struck buildings of the Dallas Aviation school and plowed broadside into a plant that tests airplane engines with chemicals. Both buildings burned and the sky colored brilliantly as chemicals flamed in the latter building, the magnafly plant.

It was the worst plane crash in Texas history.

Dazed and bleeding, a crew member staggered 100 feet to a row of houses, collapsed on a front porch, and said, "I think I am dying and I want to make a statement. The plane was on fire and I cut all four engines. The engines were off when we hit."

The flight engineer of the plane, William S. Forbes, said the crew member was Robert E. Lewis, 30, of Tulsa, Okla., the co-pilot.

Capt. Laurens (Tommy) Claude of Fort Worth, who was at the controls, said one engine failed and was feathered (stopped) over Alheimer, Ark. Nearing Love Field, he said, "I squared away to make a landing with flags and gear down on a final approach. The No. 4 engine quit and I called to the flight engineer to cut on the booster pump when the fuel flow dropped to zero and the left wing dropped after the plane started to mush in below flying speed."

"I called for flaps and gear up to the first officer. With only two engines working there wasn't much power to gain altitude to climb."

"He (the first officer) called out: 'She's a gonner!'"

"As he said that, the plane hit the hangar and burst into flames," Claude escaped through a baggage hatch.

The reports coincided with arrival of five U.S. senators and six representatives in Hong Kong. The group is touring the Orient to study needs for possible American aid. All 11 congressmen said they opposed immediate recognition of Red China by the U.S. or Britain.

Nationalist dispatches declared Chiang was still in besieged Chungking late today, personally directing its defense. Acting president Li Tsung-jen, who has clashed with Chiang repeatedly over civil war strategy, was reported planning to leave Hong Kong for the United States for "personal reasons." The State department in Washington announced the trip has been authorized.

Chicago, Nov. 29.—(AP)—Telephone subscribers in approximately 500 Illinois communities will find their bills higher next month under an order approved today by the Illinois commerce commission.

The commission granted rate hikes totaling \$380,000 annually in 156 of the Illinois Commercial Telephone company's 181 exchanges. The company serves a total of 573 communities.

The new rates, which go into effect Dec. 10 or on the first billing date thereafter, will increase monthly rates for most residential subscribers from five to 10 cents. Business phone subscribers will be charged an additional 25 cents a month.

The commission order deferred application for the new higher rate schedule in 25 exchanges where service was found to be inadequate. Application of the new rates to these communities would give the company an additional \$20,000 a year.

Chicago, Nov. 29.—(AP)—University of Illinois trustees today awarded \$512,800 in contracts for construction of an addition to the research and educational hospitals on the Chicago professional campus.

Dr. George D. Stoddard, university president, said this will be the first of two major buildings which will make possible the addition of 24 freshmen medical students annually, bringing the total annual new students to 190.

Contracts, which include some equipment, all were awarded to Chicago firms.

The trustees also announced that about 5,400 tons of coal were purchased at a total cost of \$36,054 on an emergency basis during the coal strike.

Kenney Williamson of Peoria, trustees president, said the university's regular contract was stopped during the strike and the coal was bought "wherever we could get it." The coal prices, plus freight, ranged from \$6.05 to \$9.14 a ton.

Chicago, Nov. 29.—(AP)—Five union men were given a job today of tearing down a 65-foot high elevator tower and re-erecting it, to meet a union complaint.

The steel pipe tower, to be used in lifting material for a new building, was first put up by non-union labor. A sub-contractor was paid \$130 for the job. There was no estimate of the cost of tearing down and re-erecting the structure by five workmen drawing \$2.25 per hour.

The complaint was made by Local 387 of the International Structural and Ornamental Iron Workers union.

IUE Votes To Go After 4th-Round Wage Hike

Philadelphia, Nov. 29.—(AP)—The CIO-International Union of Electrical, Radio and Machine Workers (IUE) voted today to go after a fourth-round wage boost ranging from nine cents to more than 25 cents an hour, pensions and social insurance.

The action, taken on the second day of the union's founding convention, went beyond the recommendation made earlier in the convention by James B. Carey, CIO secretary-treasurer and chairman of the IUE's administrative committee.

Today's report, which was adopted, said "we want adjustments to bring the wage status of workers in our industry up to that of steel, auto, aircraft."

This was accompanied by figures which listed the average hourly wage of the electrical industry at \$14.48 compared with \$17.03 in autos, \$16.52 in steel, and \$15.4 in aircraft.

Carey had recommended the new union seek an increase "which will at least partly close the sizeable gap" between the average hourly wage rate of the electrical industry and the average for all durable goods industry. This gap was listed as 3.3 cents.

The aimed-at pension would be \$100 a month, minimum, including social security, for all workers with 25 years service at age 65. It would be employer-financed, aside from social security, and would include severance pay provisions.

The convention today also heard talks from William H. Davis, former chairman of the old War Labor Board; Emil Rieve, president of the CIO Textile Workers and a CIO vice president; and Willard S. Townsend, president of the United Transport Service employees and member of the CIO executive board.

The reports coincided with arrival of five U.S. senators and six representatives in Hong Kong. The group is touring the Orient to study needs for possible American aid. All 11 congressmen said they opposed immediate recognition of Red China by the U.S. or Britain.

Chicago, Nov. 29.—(AP)—An Illinois civil defense plan for coordinating state, county, city and township agencies in handling disasters and emergencies was announced today by Governor Stevenson.

The plan was developed by Maj. Gen. Leo M. Boyle, state adjutant general, designated by the governor as state civil defense director. Copies have been distributed to state, county and local authorities, civic, industrial and labor leaders.

The governor said the plan is to insure the greatest amount of assistance in the shortest possible time in areas stricken by emergencies or disasters.

"Under the plan," he said, "the entire resources of the state are made available for use in times of distress such as major floods, tornadoes, cyclones, fires and other emergencies."

"The degree of success attained through use of this plan is dependent upon the preparation of plans well in advance of emergencies and the intelligent and loyal cooperation of the civil authorities and citizens of Illinois."

This act provides that all companies engaged in the interstate distribution of cigarettes provide the tax collector of the state to which the cigarettes are shipped with particulars on the shipments. In this way, the collector can gather taxes from the recipient of the shipments.

The Edward suit contends that congress exceeded its powers in passing the Jenkins act in that it attempted to aid states in collecting purely local taxes. The petition sought an injunction restraining U. S. Attorney Otto Kerner, Jr., and Richard J. Daley, Illinois State Director of Revenue, from enforcing the act.

Chicago, Nov. 29.—(AP)—An Indiana cigarette distributor today challenged the constitutionality of a congressional act which permits states to collect taxes on cigarettes purchased in other states.

The suit was filed in federal court by the Edward Sales company, 104 State street, Hammond, Ind. It attacks the validity of the Jenkins act.

Chicago, Nov. 29.—(AP)—A group of meat packers today protested on economic and moral grounds against importation of Polish hams.

The action was taken at a meeting of the central division of the Independent Meat Packers association, a trade organization of 700 meat packing firms. The meeting sent a telegram to the secretary of agriculture which said:

"There is no shortage of pork in our nation, in fact the supply is such that both industry and government fear hogs will crash through the support level."

"But deeper than the economic injury to American agriculture and processors is the moral point that we should not encourage competitive importations from Communist nations, we urge that you exert your influence against this evil."

The cominform is a communist information bureau, in which the communist parties of eight nations are represented.

Far from yielding to any qualms of national communist elements, the cominform demanded strict discipline everywhere. It declared it was the "international duty" of all communists to aid to the utmost those Yugoslav workers fighting for a reurrection of orthodox communist doctrine in Yugoslavia.

It also adopted a combat program "for peace," in which communists were urged to make a special effort to enlist the aid of Catholic workers and other groups.

The order was adopted at a secret meeting sometime late this month in Hungary, the newspaper Pravda announced.

It was the third full-dress session disclosed since organization of the cominform in Poland in September, 1947, and the first since Yugoslavia was expelled as a charter member 17 months ago.

It was considered likely, therefore, that the three formal resolutions, filling two pages in Pravda, covered decisions of more than ordinary importance.

Prominent in the text of the resolutions was the statement that it would be misleading to assume the threat of a new war has diminished.

"Dispatches from the Czechoslovak capital, Prague, said publication of the resolutions there led to speculation a secret decision might have been taken for direct armed action of some sort, since the cominform nations already have taken about all other possible steps against Marshal Tito."

Atomic Arms Will Be Tried Out On Atoll

Dates Secret

Washington, Nov. 29.—(AP)—The United States, pressing the atomic bomb race with Russia, announced tonight that it will conduct a new series of atomic weapons tests.

The experiments with weapons believed to be of more terrible efficiency than the U. S. bombs last exploded in the spring of 1948 will be conducted at the Pacific atoll of Eniwetok on dates kept carefully secret.

The blasts will be the first set off by the United States since Russia striving frantically to overtake this country in the atomic field, produced an atomic explosion last September.

The secrecy about the dates of the forthcoming tests apparently is designed to make it harder for Russia to find out about the results.

It was indicated that the experiments would be witnessed only by American military men and scientists—with no foreign observers or the press present.

The same policy prevailed at last year's tests, also held at Eniwetok, but at the 1946 blasts at Bikini Atoll foreign observers, including Russians, were present.

Eniwetok, the proving grounds for the experiments, is in the Marshall islands, 7,250 miles from Washington, 5,000 miles from San Francisco, and less than 4,000 miles from the China coast.

The announcement was made jointly by the atomic energy commission and the defense department, which said:

"The department of defense and the atomic energy commission have advised the president that a new series of tests of atomic weapons is planned at the commission's proving ground at Eniwetok Atoll in the Marshall islands."

Full Security Restrictions
"Full security restrictions as required by the atomic energy act apply to all aspects of test operations, including the time of the tests."

"As in past atomic weapons projects, the field operations will be carried out by a joint task force, composed of personnel of army, navy and air force, and the atomic energy commission. Lt. Gen. Elwood R. Quesada, U.S.A.C., will command joint task force three, which has been formed to carry out the new test program. Gen. Quesada will have as deputies Brig. Gen. Herbert Loper, army; Rear Admiral Tom B. Hill, navy; and Dr. Alvin C. Graves of the Los Alamos scientific laboratory. Chief of staff is Brig. Gen. John K. Gerhart, U.S.A.F."

"The commission recently announced a contract with Holmes and Narver, Los Angeles engineering and construction firm, for maintenance and improvement of facilities at the Eniwetok proving ground. Military and naval units participating in the current work at the proving grounds will be part of joint task force three."

DECLINE OF BROADWAY DRAMA

Broadway, which in 1929 had 72 legitimate plays, has only 25. The smash musicals play to enormous crowds, but drama languishes.

One reason, as pointed out by Business Week, is that as a business proposition Broadway is too big a risk in these days of high taxes. There is no longer much incentive for a taxpayer to take a chance on a Broadway play, or any other hazardous venture, because if you win you have to give Uncle Sam the biggest share, whereas if you lose you take the whole loss.

Another trouble is shortage of good scripts. This accounts for the vogue of adapting successful books and re-making former successful plays.

It is probable, too, that Broadway has been plagued with so many plays with a political message, turned out by so-called liberals who have no knowledge of politics or economics, that the people have become skeptical of the serious drama and the playwrights themselves are in more than their usual dither.

A tremendous success is being achieved by "Death of a Salesman," which pictures a side of American life without trying to overturn the world. There is still a rich opportunity in serious plays for playwrights who don't take themselves too seriously.

Boyle's Column

Just Nap Your Troubles Away

By Hal Boyle

New York—(AP)—Many people today are shortening their lives trying to find a way to live longer.

The main idea seems to be that if a man puts his whole energy into earning money he can pile up enough chips in the bank to retire at 50 or 55, and spend his declining years clipping bond coupons.

This is a fine theory except that it is often the widows who do the coupon clipping. The overly ambitious men have had a bad habit of ordering up under the daisies at 40 to 45, dead from a busted heart artery or valve brought on by worry and taut living.

The United States has more miles of arterial highways than any other country in the world. It also has more miles of arteriosclerosis in the veins of its fretful citizens. Its apoplexy rate is a matter for medical apology.

It is true that Americans live longer—on the average—than most peoples. But this is a triumph of mass sanitation rather than individual commonsense.

Can't Blame Germs

For folks here no longer can blame a poor hungry germ for killing them. A germ hardly dares bite anybody in American any more for fear he'll be slugged in the protoplasm with a new wonder drug. No, Americans today, in large measure, have no one but themselves to blame if they don't live out their three score and 10 years. They have the dubious honor of killing themselves—through their own ignorance.

In the opinion of this poor man's philosopher the trouble lies in the fact that as a nation we have never learned that "easy does it." We take an unjustified pride in living the strenuous life—so we work and play with the throttle wide open. And we eat, drink and smoke too much. We treat our body as if it were a tuned-up machine in a lifelong race on the Indianapolis speedway. But ordinary flesh can't take that pace.

And the body rebels by breaking down. It has to have the pause that refreshes. Older civilizations realize this physical fact, and allow for it. We have a tendency to ridicule our British cousins for breaking their routine with 11 and 4 o'clock teas. But don't we, in effect, do the same thing? What office worker doesn't try to slip down for his morning and afternoon cup of coffee? And he works the better afterward for this brief relaxation.

Might Borrow Siesta
Another custom America might well borrow is the siesta popular in all Latin countries. Thomas A. Edison is supposed to have gotten by on four to six hours sleep at night—but he rarely missed also taking a good snooze after lunch. If he hadn't, he wouldn't have lived so long.

Maybe the answer is to have a "siesta room" in every office, where everybody could sack out for a quick post-lunch nap. But the national labor relations board might not like the idea.

It probably would have to settle the thorny question of who'd supply the couches—the boss or the hired hands.

EDUCATION FIRST—Hollywood actress Piper Laurie, above, doesn't let the movies interfere with her education. She has just signed a seven-year movie contract, but it isn't effective until she graduates from high school next spring.

THE DOCTOR SAYS

Diarrhea Can Result In Death If Left Unattended

BY EDWIN P. JORDAN, M. D.
Written For NEA Service

Chronic diarrhea is one of the most common ailments from which human beings suffer. It produces discomfort and is extremely annoying and troublesome.

It is not, strictly speaking, a disease, since many different disorders can cause this symptom. The most common cause, however, is that which is of nervous origin. Many people seem to show the effect of nervousness or emotional strain by developing diarrhea. The intestinal nerves control the wavelike motions by which the intestinal contents are carried on down the digestive tract.

When a susceptible person becomes excited or emotionally upset, the nerve control of the intestines is disturbed, the wavelike motions are increased, and what is called diarrhea develops.

GET TO THE SOURCE

Unless one knows what the possibilities are and how to identify the source of the trouble—and these methods include X-rays and other special examinations—a good treatment cannot be given. Far too often people with chronic diarrhea merely try to buy something at a drugstore which will "quiet time down." Although many drugs may do this for a short time, such self-treatment is a dangerous thing, as it may hide for a while some serious deep-seated condition.

Although it is true that many cases of chronic diarrhea can exist for years without causing death or serious injury, there are many cases on record where people have gone along too long with what they thought was a minor symptom. When the diagnosis eventually was made the underlying condition was too far advanced to cure. This is a tragedy not only for the patient but also for the physician who could have saved a life if he had been given the chance.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS

By Edwin P. Jordan, M. D.

Question: What causes a continued stage of canker sores on the mouth?

Answer: There are several possible causes for recurring canker sores. Some are believed to be due to low-grade infection, some vitamin deficiency. For these to allergy and some possibly to reasons, it is impossible to prescribe for them without investigation in each case.

Legion, Auxiliary At Ashland Donate Books To Library

Ashland—Four books were donated to the John Cheatham Memorial Library by the American Legion Auxiliary and the George H. Pettit Post.

The books were in honor of the four Ashland boys who gave their lives in World War II. "A Walk in the Sun" by Harry Brown, was donated in honor of John Elmer Davis; "Brave Men" by Ernie Pyle was presented in honor of Delbert Flinn; "Cradle of the Storm" by Bernard R. Hubbard, S. J., the Glacier Priest, was in honor of Glenn Latham; and "War As I Knew It" by Gen. George S. Patton, Jr., in honor of Russell Settle.

A radio-phonograph has been purchased and new shuffleboard equipment has been put in the Youth Center room. The Youth Center was open on Sunday afternoon and Ernest Melchers was the guest speaker. During the Christmas holiday week the Center will be open each afternoon and evening.

Court Refuses To Quash Indictment Against Driver

Virginia—Judge A. Clay Williams overruled the motion to quash the indictment of reckless homicide against Glenn Stotts of Beardstown in connection with the traffic death of Judy Case, 9, of Virginia.

The action of Judge Williams in Cass Circuit court at Virginia Monday cleared the way for the first trial in Cass county under the new "reckless homicide" law passed in July of this year. It will be one of the first cases of this type in the state to come before a petit jury.

The penalty under this new law is for 60 days to 6 months imprisonment and a fine not to exceed \$1,000, or imprisonment of one to five years.

Judge Williams ordered that the case be tried.

State's Attorney Milton McClure said about eight other cases were pending trial, and all will be presented when the petit jury is called.

Stotts is now free on \$3,000 bond which was furnished.

One Democrat To Run In District For Legislature

The Democratic senatorial committee of the 45th senatorial district filed a resolution in the Sangamon county clerk's office Monday, stating that one Democratic candidate for state representative will be nominated at the primary election next April.

Under a bi-partisan agreement which has been in effect for some years, the Democrats nominate one and Republicans nominate two candidates for representatives in the district, which is composed of Morgan and Sangamon counties. Since three representatives are elected from each district, this agreement means that nomination in the 45th district is equivalent to election.

The Republican senatorial committee has not yet met to adopt its resolution.

Representatives from the 45th district at present are Hugh Green of this city and William Horsley of Springfield, Republicans, and T. J. Sullivan of Springfield, Democrat.

Woman's Council At White Hall To Meet Thursday

White Hall—The Women's Council of the First Christian church will meet Thursday night, Dec. 1, at the church, with a potluck supper at 6:30 o'clock.

A regular board meeting will be held at 7:30, with the council meeting convening at 8 o'clock. Miss Mae Nichols, president will preside at both the board and regular meeting. Roll call will be answered with each member showing a childhood picture of herself.

The council is sponsoring a project for the Christmas season to send gifts of children's socks to the Christian Orphans' Home in St. Louis in response to a request made by the matron of the home. All who are interested are asked to donate hose, sizes 6-10.

Anyone interested in attending the meeting and not having transportation, phone either Mrs. Norman Bechtel, Mrs. John Neece or Miss Dorothy M. Young.

Burl Ives, Famed Wayfaring Singer, To Appear Here

Burl Ives, hailed as "America's mightiest ballad singer," will appear at the Illinois School for the Deaf on Friday, Dec. 2, at 8:15 p.m., under the auspices of the MacMurray Artist Series.

BURL IVES

Ives has gained much prestige during the past few years for his artistic handling of musical folk lore which is so much a part of American heritage.

He has met with enthusiastic response in his concert performances, as well as in his work in various other mediums, including stage, screen and radio.

Known as the Wayfaring Stranger, Ives has made America folk song-conscious. His background supplies him with an authenticity which he deftly employs in presenting his songs.

Born in 1903 on a Southern Illinois farm, Ives was reared on the folk songs of his grandmother, mother and father. After leaving Eastern Illinois State Teachers college, Ives sang his way to New York, where he began studying for the career, which was to make him a modern troubadour.

Grote Wedding Anniversary To Be Marked Dec. 6

Pittsfield—Mr. and Mrs. George B. Grote of rural route one, Plainville, will celebrate their golden wedding anniversary on Tuesday, Dec. 6.

In observance of the occasion, a family dinner will be given. The dinner will also mark the birthday anniversary of their daughter, Elsie.

During the afternoon and evening open house will be held at the Grote residence, which is located three miles west of Liberty on route 104. Relatives, neighbors and friends are invited to call.

Mr. and Mrs. Grote were married Dec. 6, 1899, at the home of Miss Caroline Grote, county superintendent of schools, at Pittsfield.

Miss Cora Bubb, sister of the bride, and Chris Grote, brother of the bridegroom, witnessed the ceremony. The couple went to live on a farm west of Perry and later moved to a farm east of Perry which they bought. They lived there until the farm home burned about eight years ago. They then brought a farm in Richfield township and moved there.

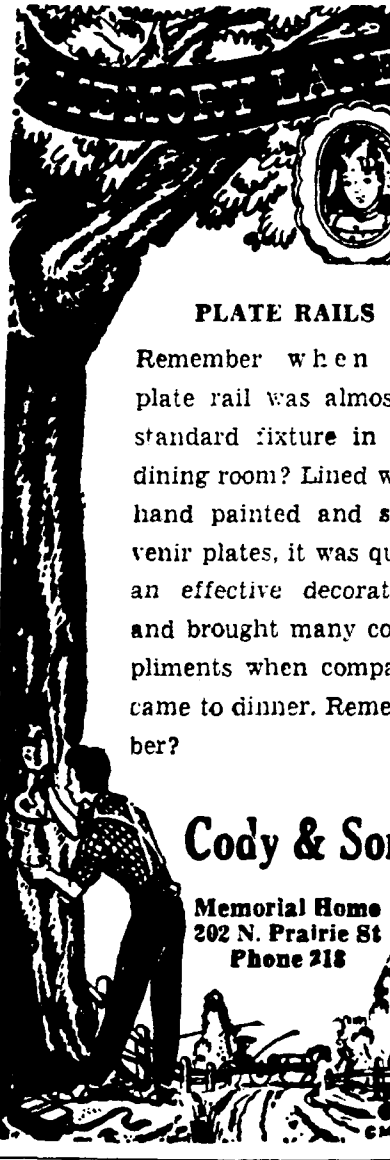

The Grottes have five children. Fred A. Grote of Griggsville; Miss Elsie Grote, professor of art, Carthage college, Carthage; Dr. Benjamin Grote, professor of geology, Heidelberg college, Tiffin, O.; Miss Ora Grote, student in cosmetology, Los Angeles, Calif.; and Mrs. John (Sarah) Spoelstra of Lansing, Mich.

NO MORE LAXATIVES FEELS 100% BETTER

"Laxatives didn't help. I was a victim of constipation for 15 years. But eating KELLOGG'S ALL-BRAN every morning gives me results! Now, I am regular, feel 100% better. Would like others to know!"
David Brownell, Center Ossipee, New Hampshire. One of the many unsolicited letters from ALL-BRAN users. Constipated due to lack of bulk in the diet? Eat an ounce of tasty ALL-BRAN daily, drink plenty of water. You may never need another laxative! If not satisfied after 10 days, send empty box to Kellogg's, Battle Creek, Mich. DOUBLE YOUR MONEY BACK.

White Hall PTA Has Program On 'Problem Child'

White Hall—The regular meeting of the Parent-Teachers association was held Monday night in the high school gymnasium at 7:30 o'clock. The theme for the meeting was "The Problem Child."

A skit on that subject was presented. Included in the cast were Miss Margaret Kinnison, W. J. Ritchey, Mrs. F. N. McLaren, Mrs. Austin Wiley, Mrs. Frank McCollister, Misses Mae Nichols, Bette Spangenberg, Mrs. Gussie Frazier, Miss Edith

Hyatt and Tommy Rose. A sound film was also shown on the same subject. The pupils had a round table discussion on what they had to be thankful for, this group including Lynn Strang, Judith Hart, Janet Price, Emily Dawson, Don Kesinger, Gary Eastham, Donald Heberling, Gary Cragmiles, Paul Breehen, Darwin Blacketter and Reta Martin. Groups from the first and fifth grades of the school furnished several musical numbers, under Mrs. Barnett's direction.

Chandlerville Unit Of Home Bureau Holds Meeting

Chandlerville—Sixteen members and two guests attended the Home Bureau meeting held at the home of Mrs. Lee Cooper, with Mrs. Lloyd Miller as assistant hostess.

A cookie recipe was given in answer to roll call. The health topic was discussed by Mrs. Roscoe Milstead. Mrs. Virgil Alcorn gave the major lesson, "Art Principles Applied to Home Decoration." The minor lesson, "Growing House Plants," was presented by Mrs. Abraham Miller. Recreation was led by Mrs. Walter Duckwiler, after which refreshments were served.

The W. S. C. S. will meet Wednesday afternoon with Mrs. Anna Bell. Mrs. Mae Nollisch will lead the worship service and Mrs. George Cline will present the program, the theme of which will be "Christ in Christmas."

Birthday Honored At White Hall

White Hall—Mrs. Clyde Hubbard was hostess at her home on Sunday honoring the birthday anniversary of Mr. Hubbard. The guests included Mr. and Mrs. Jule Hubbard and daughter, Mary Ellen, Bob Reynolds and Mrs. L. A. Mehroff of Carrollton, Mr. and Mrs. Don Pointer and children, Roberta Ann and Donny of Alton, Mr. and Mrs. A. B. Lewis and Miss Hattie Walton of White Hall. A group from the local Methodist church, including Mr. and Mrs. Ennis Tunison, Miss Emma Spear, Mr. and Mrs. Finis Main and R. L. Davis, attended a meeting in Jacksonville Sunday night at the Centenary Methodist church, which was given for Sunday school superintendents and teachers. A buffet supper was served at 6:30, with Victor Roberts, president of the district, presiding at the meeting following.

Mrs. Roy Thompson and Mrs. Clarence Thompson were co-hostesses at the Roy Thompson home, with three tables of pinocchle in honor of the birthday anniversary of Mr. Clarence Thompson. Prizes were awarded and refreshments served.

HORSE PLAY IN TRAFFIC
Helena, Mont.—(P)—A horse became a four-legged traffic jam west of Helena. Running back and forth across the highway, he had motorists half crazy.

Highway Patrolman Clifford Small took after the horse and led him a lively chase for 30 minutes before it took a quick detour up Colorado gulch. With a horse laugh, no doubt.

Blind Spiders Stump Science

Sydney, Australia—(P)—The Jenolan Caves in New South Wales, Australia, for long visited by tourists, now promise to yield something new to science—tiny blind spiders, which seem to live on nothing. Other insect life is very rare amidst the stalactites and stalagmites of these mile-long and 200-feet-deep caves. The spiders build tiny webs, perfectly formed. What for? Science has yet to supply the answer.

Plan now to restore rough, worn-out streets with **CONCRETE RESURFACING**

In normal times no community can afford down-at-the-heel streets. But don't think your worn-out streets are a complete loss. You can salvage them—economically—with concrete resurfacing.

Old base plus concrete equals modern street

Concrete resurfacing combines remaining strength of old base with needed additional strength of a top layer of concrete. The result is a clean, attractive street—a tonic to property values and neighborhood pride. Concrete resurfacing is safe, strong and smooth-riding. It carries traffic for decades with lowest upkeep.

Ask your officials to plan now to salvage old streets by resurfacing with concrete.

INTERNATIONAL TRUCKS

America's most complete truck line. 87 basic models, thousands of specialized variations—each heavy-duty engineered.

Every International Truck in the line is all new. And every new International Truck from 4,200 to 90,000 pounds GVW is **HEAVY-DUTY ENGINEERED!**

That means the new International Trucks give you lower operating and maintenance costs. It means they'll last longer. Look at the record.

For 18 straight years International has been first in the sale of heavy-duty trucks (16,001 pounds and over, GVW). Cost-conscious men who buy these trucks buy on a basis of performance proved by cost records.

The same management, the same engineers, the same production men, the same test experts who have kept International Trucks the outstanding value in the heavy-duty truck field, have developed every single new model in the new International Truck line.

Come in—find out what heavy-duty engineering means in terms of operating economy. See how heavy-duty engineered truck stamina is combined with new comfort and ease of handling. CARNIVAL

By Dick Turner

"A picture that does justice to the subject ain't enough, Doc! What we want is one that shows a little mercy!"

New York Stock Market

New York, Nov. 29.—(P)—The stock market couldn't get out of a price rut today despite fairly lively trading. Most price changes were downward but losses rarely exceeded a point. Gains were equally small. The market opened with quotations under pressure but losses were held in check almost at once. See-saw price movements were the rule for the balance of the session. Business was carried on in fits and starts, with turnover reaching a rate of around 1,300,000 shares for the full session. Corporate bonds moved narrowly.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Nov. 29.—(P)—Hogs were fairly active and steady to 25 cents lower today while cattle were unevenly 50 cents lower to 25 cents higher, and sheep were steady. Barrows and gilts grading good and choice weighed \$15.25 to \$16 for the most part although the top was \$16.10 for a few choice loads and some heavies went as low as \$14.75 in odd lots. Sows generally brought \$13.75 to \$14 but heavier kinds drifted on downward to \$11.75. Clearance was good. Several loads of choice sters and yearlings sold between \$36 and \$38.50 with good to low-choice material ranging from \$28 to \$35. Medium to low-choice heifers made \$21.50 to \$29 and a few odd lots grading choice hit \$31 to \$32.25. Good cows continued at \$18.50 and below, bulls at \$19.50 and downward, and choice vealers from \$26 on down. Lightweight slaughter lambs sold from \$23 to \$23.50, the top for the day, and heavier kinds were \$21 to \$22.50. Yearlings were missing, while ewes ranged downward from \$12. Estimated salable receipts were 19,000 hogs, 8,500 cattle, 700 calves, and 4,000 sheep.

WHEAT AND OATS UP; CORN LOWER

Chicago, Nov. 29.—(P)—Wheat and oats advanced at the board of trade today, but corn lagged. The advance in wheat was attributed to mill buying in December delivery, accompanied by short covering. Oats acted tight from the start of the session and offerings were small. On the other hand, offerings in the corn pit were fairly liberal, although country shipments were light and to-arrive purchases placed at only 55,000 bushels. Soybeans did not follow the trend of wheat and eased when traders started liquidation in the December delivery. The lower cottonseed oil market was a trading factor. Lard was easy at the start and developed soft spots during the session. Receipts were: wheat 5 cars, corn 35, oats 16, rye none, barley 9, soybeans 7. At the finish wheat was 1 to 2 cents higher than yesterday's close. December \$2.18-19. Corn was 1 lower to 1 higher, December \$1.30-1. Oats were 1 to 1 1/2 higher, December 78-81. Rye was unchanged to 1 lower, December \$1.37-1. Soybeans were unchanged to 1 lower, December \$2.28-31 and lard was 20 to 23 cents a hundredweight lower, December \$10.10.

CHICAGO CASH GRAIN

Chicago, Nov. 29.—(P)—Cash wheat No. 3 red 2.14; corn No. 2 yellow 1.34; No. 3, 1.29-32; No. 4, 1.24-28; No. 5, 1.20. Oats: No. 1 heavy mixed 79-1; sample grade medium heavy mixed 79-1; No. 1 heavy white 79-1; No. 2 heavy white 79-1; No. 3 medium heavy white 79-1; sample grade medium heavy white 78-1; No. 1 heavy special red 82-1. Barley nominal; malting 120-62; feed 90-122. Soybeans, none.

Routt Annexes 27-26 Hardwood Thriller From Franklin Quint

South Jacksonville Kid Cagers Defeat Mt. Sterling 18-12

Mt. Sterling—The South Jacksonville grade school quintet bumped off Mt. Sterling's kid cagers 18-12 here last night.

Kemp, with eight points, led Jacksonville points-makers. Birdsong wasn't far behind with seven tallies for the winners. Routt dumped in seven points for the Brown county gang.

With guards A. J. Spreen and Sonny Loneragan hitting with fair consistency the Rockets pulled into an early lead over the off-beaten Flashies and early indications were that the locals would have little trouble annexing an easy victory.

Play Cautious Ball

Both clubs played cautious ball, however, and the halftime score amounted to only 18-11. Routt, Spreen and Loneragan had tallied most of the Routt points on driving one-handed shots from their guard positions. Big Bill Rawlings, although he was held effectively by Rocket center Paul Sauer on occasion, managed to break loose often enough to keep his Flash quintet in the running.

After the intermission, some fast action ensued that kept the capacity crowd on its feet constantly. Franklin guards Hocking and Sweet coupled their scoring efforts with Rawlings to bring the invaders up within a single point of Routt at the end of third quarter activity. Score 13-10 in the final chapter gave Routt a slight edge, 22-21.

Franklin Never in Lead

It was nip and tuck all the way through the last eight minutes of play. Franklin, although they clung within a very few points of the Rockets, was never in the lead. The count was knotted twice during the blazing fourth quarter.

Rawlings, a six-foot-three-inch youngster, rose to tremendous heights as he fought to keep his team in the running. The husky athlete scored six points in the last three minutes, all his team's counters with the exception of one, during that period.

Spreen and Loneragan carried the load for Routt in those last few, hectic minutes. However, it was the giant Paul Sauer—who looked horns with Rawlings all evening—who bucketed that precious one point on a free throw to give Routt a 27-26 victory. With 20 seconds left to play, the locals managed to come through with an effective job of stalling to ward off a possible Franklin rally.

The Franklin reserves nipped Routt 20-16 in the curtain-raiser.

Notre Dame Drills

On Defense

South Bend, Ind., Nov. 29—(AP)—For the second straight day, Notre Dame's football squad drilled on defense in preparation for Saturday's game in Dallas with Southern Methodist.

Coach Frank Leahy stressed defensive plays against Mustang stars Doak Walker and Kyle Rote. He warned that the two combine to offer the most serious two-man offensive threat Notre Dame has faced all season.

Bob Williams was featured in a long passing drill with Ends Leon Hart and Bill Wightkin, and Halfbacks Larry Coutre and Frank Spaniel as his targets.

The Irish will have their final heavy workout of the season tomorrow before departing Thursday morning for Dallas.

Crimsons Off To Fast Start, Whip Virginia In 47-35 Encounter

Virginia-Jacksonville high school got off to a flying start in the prep cage wars by annexing a 47-35 decision over a host Virginia quintet last night.

The two quintets looked horns in a tight first quarter that left the score knotted at 14-14 going into the second period.

With Ike Wright and Bill Williams cutting the nets and Baldwin and Kemp controlling both bank-boards, the Crimsons drove into a 28-21 lead at the intermission.

The Jacksonville gang continued its scoring ways into the third period. Coach Chapman used eight athletes freely and in his own words, "all turned in a credible performance."

Holding a 38-37 margin going into the final chapter, the Crimsons added nine more points to their total to carry home a 47-35 "first" victory.

Chapman was very well pleased with the Crimsons defensive stand. "We'll go all right now that I know we can play defense," stated the new VHS tutor. He had been skeptical about the locals defensive ability before the game but last night's performance vanquished his fears.

Chapman, Million, Myers and Rhodes all worked well on defense.

Fighting Irish Reign As '49 College Champs In Final AP Poll

New York, Nov. 29—(AP)—The Fighting Irish of Notre Dame today reign as college football champions of 1949.

Notre Dame drew 172 of 248 first place votes and a bulging total of 2,402 points in the ninth and final association sport poll of football writers and sportscasters across the nation.

Although Notre Dame, unbeaten over a 37-game stretch, still has to play Southern Methodist Saturday, most of the other high point teams have finished their schedules.

Oklahoma, 41-0 winner over the

Oklahoma Aggies, recaptured second place from idle California despite strong first place support for the Golden Bears from the Pacific Coast.

Oklahoma had 18 firsts to 40 for California but the Sooners piled up a point edge of 2,018 to 1,900. Points are figured on the basis of 10 for first, nine for second so on down to one for tenth.

Army's flashy 38-0 rout of Navy failed to boost the Cadets' fourth-place standing. They rolled 12 firsts and 1,838 points.

The other firsts went to College of Pacific, which had four, and Villanova, No. 1 on two ballots.

Behind the "Big Four" of Notre Dame, Oklahoma, California and Army, in that order, came Rice, moving from seventh to fifth on its 21-7 triumph over Baylor. That win guaranteed Rice the Southwest Conference crown and the job of Cotton Bowl host.

Ohio State, Michigan and Minnesota, all of whom ended their regular seasons a week ago, ran sixth, seventh and eighth, in that order.

Ohio State, California's Rose Bowl opponent, and Michigan each dropped a peg in the final ratings but Minnesota was a firm eighth.

Louisiana State Edges In

Louisiana State 21-0 conqueror of Tulane and Sugar Bowl foe of Oklahoma, edged into the top ten, taking ninth place with a surprising 516-point vote.

College of the Pacific, with one game to play, finished 10th with the help of an 88-0 romp over California Poly. Both Baylor and Tulane dropped out of the top ten.

Notre Dame polished off Southern California, 32-0, at South Bend Saturday in its last home game to solidify its position. It was the fourth Notre Dame title in 14 years of the AP poll.

The Irish were rated first in 1943, 1946 and 1947. Last year it was Michigan with Notre Dame, second.

The total final vote (first place votes in parentheses):

1. Notre Dame (172).....2,402
2. Oklahoma (18).....2,018
3. California (40).....1,900
4. Army (12).....1,838
5. Rice.....1,632
6. Ohio State.....998
7. Michigan.....848
8. Minnesota.....522
9. Louisiana State.....516

Augustana Coach Chosen Illinois Conference Head

Havana, Ill., Nov. 29—(AP)—Lee Brismar, director of athletics at Augustana college, has been named president of the College Conference of Illinois, succeeding Lester Belding of North Central college.

Other officers named by coaches and faculty representatives at a regional meeting include:

Fred Mull of Illinois Wesleyan, vice president; C. L. Miller of Millikin, re-elected secretary-treasurer; O. M. Langhorst of Elmhurst, chairman of the nominating committee.

Blueboys Falter In Second Half, Drop 80-42 Tilt

Murray State, Kentucky—After leading for most of the first half the Illinois College Blueboys succumbed to a fierce Murray State onslaught in the second half and dropped their basketball opener to the Kentuckians by an 80-42 margin. It was season's debut for the Jacksonville collegians.

Coach Al Miller, reporting by telephone from Kentucky, stated that the locals just weren't ready for the college cage wars, yet. "We led up until the late minutes in the first half," Miller reported.

Murray went on a scoring rampage and forged into a 10-point lead at the intermission and couldn't be stopped throughout second half action.

Fifteen Kentucky basketballers participated in the scoring. Bill Shouse led IC marksmen with 10 counters. The Blueboys fired at the hoop 70 times while Murray State was getting off 55 tries. But, as Miller confided, "the boys were just cold."

Griggsville Clips White Hall 57-21

Griggsville—Glenn Willard's Griggsville high school basketballers proved an early season giant in this area last night when they walloped a pretty good White Hall bunch 57-21 here last night.

Shelton led a host of Griggsville scorers with 14 tallies. Priddy dunked eight to lead the Maroons.

The Griggsville seconds battered White Hall 56-24 in the preliminary.

CALIFORNIA, SOONERS AND RICE PICKED TO WIN IN BOWL GAMES

Chicago, Nov. 29—(AP)—California, Oklahoma and Rice today were rated approximate one-touchdown favorites in their Jan. 2 Bowl assignments by Johnny McDonald, a prominent betting commissioner here.

McDonald's "line" on the four ranking post-season grid tests:

Rice Bowl—California over Ohio State by six points.

Sugar Bowl—Oklahoma over Louisiana State by seven points.

Cotton Bowl—Rice over North Carolina by seven and one-half points.

Orange Bowl—Kentucky over Santa Clara by two and one-half points.

ISD Repels Waverly Rally In Second Half To Cop 39-34 Opener

Waverly—A slow-starting Waverly Scottie quintet almost came through with an Horatio Alger finish against Spike Wilson's I.S.D. Tigers but fell short of victory by five points as the visiting Jacksonville gang rolled to a 39-34 hoop victory here last night. It was the seasons opener for both clubs.

After Waverly dumped in the first bucket for a two-pointer, the Wilsonmen jumped into the ball game with both feet and rolled up 17 points before another Scottie could ring the hoop. It was Leo Ceel and Irvin Carlstedt in the Tiger scoring department.

I.S.D. Has 24-7 Halftime Lead

The Scotties made feeble efforts to get back in the ball game during second-quarter action, but the I.S.D. five relentlessly poured on the coal game and piled up a 24-7 halftime edge.

The third quarter leaned towards Waverly as Meiers and Staton started hitting, pulling the Scotties up to only a 34-20 deficit going into the final chapter.

Waverly scored 14 points while I.S.D. was getting five in the last quarter, but the top-sided early lead compiled by the Jacksonville aggregation was too much to overcome and the Wilsonmen salvaged a 39-34 win.

Ceel Leads Scoring

Ceel was high scorer for the Jacksonville westenders, throwing in 14 points. Staton basketed 10 for Waverly.

The I.S.D. frosh-soph quintet whipped the Waverly reserves in the preliminary.

BAYLOR WON'T PLAY POST SEASON GAME WITH C. OF P.

Waco, Tex., Nov. 29—(AP)—Ralph Wolf, Baylor University director of athletics, said tonight Baylor isn't considering a post season game against the College of the Pacific in Sacramento Jan. 2.

"We are not interested and definitely will not play in that game," Wolf told the Waco News Tribune.

He was commenting on a report from Sacramento that College of the Pacific and Baylor tentatively had agreed to play the game.

More than three-quarters of American farm families have radios and sewing machines.

Quincy College To Drop From Pioneer Conference Soon

Eureka, Ill., Nov. 29—(AP)—Quincy College will withdraw from the Pioneer Conference, effective at the end of the school year, Paul Lavinn, conference secretary, announced tonight.

"Any explanation will have to come from Quincy," he said.

Quincy has monopolized conference football honors since the league was formed in 1946. During the past three years, Quincy has won every football game by lopsided margins.

Three schools remain in the loop—Shurtleff, McKendree and Eureka.

"The conference hopes to announce additions of new members in the near future," Lavinn said.
